### DESCRIPTION

**Vulnerability in the Pact on Migration and Asylum:** While the need to identify, assess and address vulnerability and special needs of applicants for international protection was recognised by the different instruments of the Common European Asylum System, the adoption of the New Pact on Migration and Asylum brings numerous changes that are relevant from the perspective of access to procedures, safeguards, rights and obligations, as well as reception arrangements provided to vulnerable persons, including children. This training aims to provide an overview of the main provisions around vulnerability, as captured across the different instruments of the New Pact on Migration and Asylum.
