DESCRIPTION

This module aims to provide learners with knowledge and skills related to a communication and information provision strategy.

It covers key aspects, with a focus on the benefits, the different types of information and communication strategies and the main steps in designing, implementing and evaluating an information provision strategy.

LEARNING OUTCOMES

At the end of this module, the learner will be able to:

Knowledge

1. **Understand what a communication and information provision strategy is, and its benefits and importance to affect change.**

2. **Explore different types of information provision strategies when working with applicants for international protection.**

3. **Identify main steps in designing, implementing and evaluating an information provision strategy.**

DELIVERY METHOD

This module is delivered through live webinars.
