Learning outcomes & description

DESCRIPTION

This module aims to provide learners with knowledge on the highlights related to the new Asylum and Migration Management Regulation (AMMR).

It covers the changes introduced to the criteria and mechanisms for determining the Member State responsible for examining an application for international protection and the main elements of the newly established solidarity mechanism.

LEARNING OUTCOMES

At the end of this module, the learner will be able to:

Knowledge

1. **Identify the main changes introduced by the AMMR relating to the criteria in determining the Member State responsible for examining an application for international protection.**

2. **Identify main changes introduced by the AMMR relating to the procedures followed in the context of determining the Member State responsible for examining an application for international protection.**

3. **Identify the main elements of the solidarity mechanism and the procedural steps of relocation.**

DELIVERY METHOD

This module is delivered entirely online, through self-paced learning.
