## Learning outcomes & description

## DESCRIPTION

**This module aims to provide learners with the necessary knowledge and skills to detect the indicators suggesting that the responsibility determination procedure under the Asylum and Migration Management Regulation (AMMR) needs to be applied.**

**It covers the responsibility determination system established under the AMMR, focusing on the responsibility criteria and procedure, and providing analysis on the identification of responsibility indicators. Additionally, the module aims to present communication skills for the collection of evidence and provision of information, related to the AMMR.**

## LEARNING OUTCOMES

**At the end of this module, the learner will be able to:**

### ***Knowledge***

1. **Identify indicators for the application of the Asylum and Migration Management Regulation (AMMR).**

2. **Outline effective communication skills to collect and provide information to applicants in the context of applying the Asylum and Migration Management Regulation (AMMR).**

## DELIVERY METHOD

**This module is delivered through a blended learning approach, combining online studies and face-to-face sessions.**

**The online component focuses on learning activities to support progress and self-assessment, and face-to-face sessions focus on complex topics requiring discussion and practice.**
