## Learning outcomes & description

### DESCRIPTION

This module aims to provide learners with the knowledge and skills necessary to identify persons who may make an application for international protection to ensure access to the asylum procedure in compliance with Fundamental rights. It also provides the necessary knowledge and skills to provide the relevant information to persons who may wish to make an application for international protection in line with the EU asylum acquis.

### LEARNING OUTCOMES

At the end of this module, the learner will be able to:

#### Knowledge:

1. Identifying indicators showing that a person may wish to make an application for international protection in different contexts related to access to the asylum procedures;
2. Identifying the rights and obligations of persons who may wish to apply for international protection, in accordance with the asylum procedure;
3. Identifying indicators showing that a person may have special needs in different contexts related to access to the asylum procedure;
4. Identifying the relevant information on the rights and obligations of persons who may wish to apply for international protection, and the appropriate communication technique;

#### Skills:

5. Applying indicators showing that a person may wish to make an application for international protection in different contexts related to access to the asylum procedure;
6. Applying the rights and obligations of persons who may wish to apply for international protection, in accordance with the asylum procedure;

7. **Applying indicators showing that a person may have special needs in different contexts related to access to the asylum procedure;**
8. **Selecting the relevant information on the rights and obligations of persons who may wish to apply for international protection, and the appropriate communication techniques.**
