Highlights: EASO Info Day 2017

On 19 June 2017, EASO organised its Info Day, which marks the Agency's anniversary since its official inauguration on 2011, in Malta.

This year's core theme of EASO Info Day 2017 was the EASO Training Curriculum and the EASO the Practical Tools. This particular theme has been chosen due the importance of the training and practical support activities in the implementation of the Common European Asylum System and due to their significant increase in 2016.

Several activities including informative seminars, workshops, lunch and learn sessions, pop quizzes as well as press events and events for schoolchildren and students have been organised with the cooperation of EASO's network of national and communication contact points and hosted in countries across Europe.

During Info Day 2017, EASO staff and national experts had the opportunity to discuss about EASO's work and activities, to share knowledge, exchange of good practices and build on future objectives and activities.
