EASO and Greece sign agreement to continue EASO support to Greece until May 2016

EASO and Greece sign agreement to continue EASO support to Greece until May 2016

EASO and Greece signed a new Support Plan which provides for EASO tailor-made support to Greece to be implemented over a period of 12 months. The Special Support Plan builds on the progress made within the framework of support which EASO has been providing to Greece since 2011 (under Operating Plan Phase I and II). In the next 12 months, EASO will support Greece in a number of prioritised areas, such as absorption of EU funds and other financial resources, planning and implementing projects, training Greek personnel in the framework of the EASO Training Curriculum, Dublin III procedures, Country of Origin Information (COI), setting up an effective guardianship system and transcription of interviews. In the field of reception, support will be offered in monitoring the provision of services and enhancing the quality of the reception procedure.
